

Indiana

The proposed \$1.05 billion reduction in Medicare Part A skilled nursing facility expenditures on a nationwide level has a substantial impact on the local, state, and national economies. The estimated economic impact for Indiana is a reduction of \$51,701,069 in business activity, a reduction of \$25,081,465 in labor income, and a loss of 812 jobs.

The following schedule illustrates the direct, indirect, and induced impact of this cut in reimbursement on the state of Indiana.

Economic Impact of Medicare Nursing Facility Payment Cutback Fiscal Year 2010

Indiana				
	Direct	Indirect	Induced	Total
Business Activity Impacts (\$)	31,426,829	6,419,065	13,855,175	51,701,069
Income Impacts (\$)	19,049,853	1,853,893	4,177,719	25,081,465
Employment Impacts (Jobs)	635	51	126	812

Direct Effect represents the impact (e.g., change in employment or revenues) for the expenditures and/or production values specified as direct final demand changes.

Indirect Effect represents the impact (e.g., change in employment) caused by the iteration of industries purchasing from industries resulting from direct final demand changes.

Induced Effect represents the impacts on all local industries caused by the expenditures of new household income generated by the direct and indirect effects of direct final demand changes.

Total Impact is the sum of the direct, indirect, and induced effects.

Labor Income is the sum of employee compensation and proprietary income.

Economic Impact Analysis: Impact Analysis For Planning (IMPLAN) software, Minnesota IMPLAN Group, Inc., 2007 data.

Indiana Congressional District 1

The proposed \$1.05 billion reduction in Medicare Part A skilled nursing facility expenditures on a nationwide level has a substantial impact on the local, state, and national economies. The estimated economic impact for Indiana Congressional District 1 is a reduction of \$4,757,878 in business activity, a reduction of \$2,428,038 in labor income, and a loss of 83 jobs.

The following schedule illustrates the direct, indirect, and induced impact of this cut in reimbursement on Indiana Congressional District 1.

Economic Impact of Medicare Nursing Facility Payment Cutback Fiscal Year 2010

Indiana Congressional District 1				
	Direct	Indirect	Induced	Total
Business Activity Impacts (\$)	3,279,969	427,998	1,049,911	4,757,878
Income Impacts (\$)	1,975,287	129,403	323,348	2,428,038
Employment Impacts (Jobs)	69	4	10	83

Direct Effect represents the impact (e.g., change in employment or revenues) for the expenditures and/or production values specified as direct final demand changes.

Indirect Effect represents the impact (e.g., change in employment) caused by the iteration of industries purchasing from industries resulting from direct final demand changes.

Induced Effect represents the impacts on all local industries caused by the expenditures of new household income generated by the direct and indirect effects of direct final demand changes.

Total Impact is the sum of the direct, indirect, and induced effects.

Labor Income is the sum of employee compensation and proprietary income.
