

New York

The proposed \$1.05 billion reduction in Medicare Part A skilled nursing facility expenditures on a nationwide level has a substantial impact on the local, state, and national economies. The estimated economic impact for New York is a reduction of \$120,395,295 in business activity, a reduction of \$62,605,496 in labor income, and a loss of 1,491 jobs.

The following schedule illustrates the direct, indirect, and induced impact of this cut in reimbursement on the state of New York.

Economic Impact of Medicare Nursing Facility Payment Cutback Fiscal Year 2010

New York				
	Direct	Indirect	Induced	Total
Business Activity Impacts (\$)	74,986,057	15,498,980	29,910,258	120,395,295
Income Impacts (\$)	46,650,072	5,482,954	10,472,470	62,605,496
Employment Impacts (Jobs)	1,194	88	209	1,491

Direct Effect represents the impact (e.g., change in employment or revenues) for the expenditures and/or production values specified as direct final demand changes.

Indirect Effect represents the impact (e.g., change in employment) caused by the iteration of industries purchasing from industries resulting from direct final demand changes.

Induced Effect represents the impacts on all local industries caused by the expenditures of new household income generated by the direct and indirect effects of direct final demand changes.

Total Impact is the sum of the direct, indirect, and induced effects.

Labor Income is the sum of employee compensation and proprietary income.

Economic Impact Analysis: Impact Analysis For Planning (IMPLAN) software, Minnesota IMPLAN Group, Inc., 2007 data.

New York Congressional District 1

The proposed \$1.05 billion reduction in Medicare Part A skilled nursing facility expenditures on a nationwide level has a substantial impact on the local, state, and national economies. The estimated economic impact for New York Congressional District 1 is a reduction of \$6,486,862 in business activity, a reduction of \$3,452,056 in labor income, and a loss of 80 jobs.

The following schedule illustrates the direct, indirect, and induced impact of this cut in reimbursement on New York Congressional District 1.

Economic Impact of Medicare Nursing Facility Payment Cutback Fiscal Year 2010

New York Congressional District 1				
	Direct	Indirect	Induced	Total
Business Activity Impacts (\$)	4,341,850	665,940	1,479,072	6,486,862
Income Impacts (\$)	2,717,368	225,455	509,233	3,452,056
Employment Impacts (Jobs)	65	4	11	80

Direct Effect represents the impact (e.g., change in employment or revenues) for the expenditures and/or production values specified as direct final demand changes.

Indirect Effect represents the impact (e.g., change in employment) caused by the iteration of industries purchasing from industries resulting from direct final demand changes.

Induced Effect represents the impacts on all local industries caused by the expenditures of new household income generated by the direct and indirect effects of direct final demand changes.

Total Impact is the sum of the direct, indirect, and induced effects.

Labor Income is the sum of employee compensation and proprietary income.
