Source: CMS OSCAR Form 671: L18, L37, L38, L39 and Form 672: F78 *State occupancy is calculated by dividing the sum of all facility patients on the state occupying certified beds by the sum of all the certified beds in the state reported at the time of the current standard survey. OSCAR data only reflects patients who occupy a certified bed. Observations with occupancy less than 0% and greater than 100% were eliminated from this analysis.
