

To find a provider for the Compass Plan, first go to www.multiplan.com and click on Find A Provider on the top right of the page.

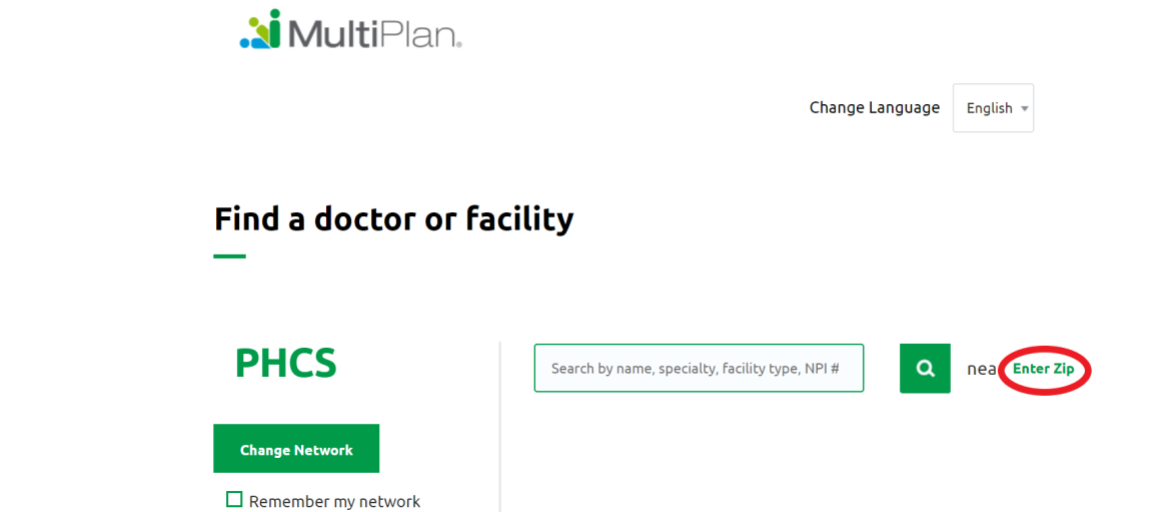

Next click OK in the green box

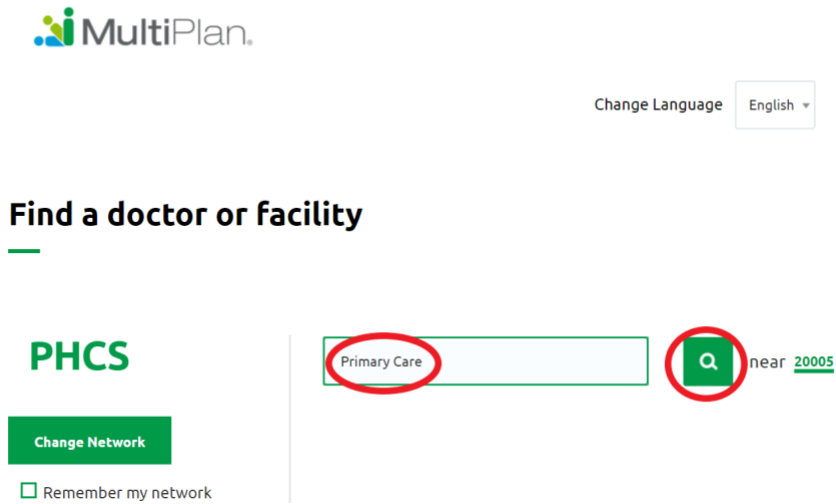

Click Select Network on the left side of the screen. You are going to choose PHCS -> Limited Benefit Plan.

Click Enter Zip to choose your desired location. The standard search is a 20 mile radius.

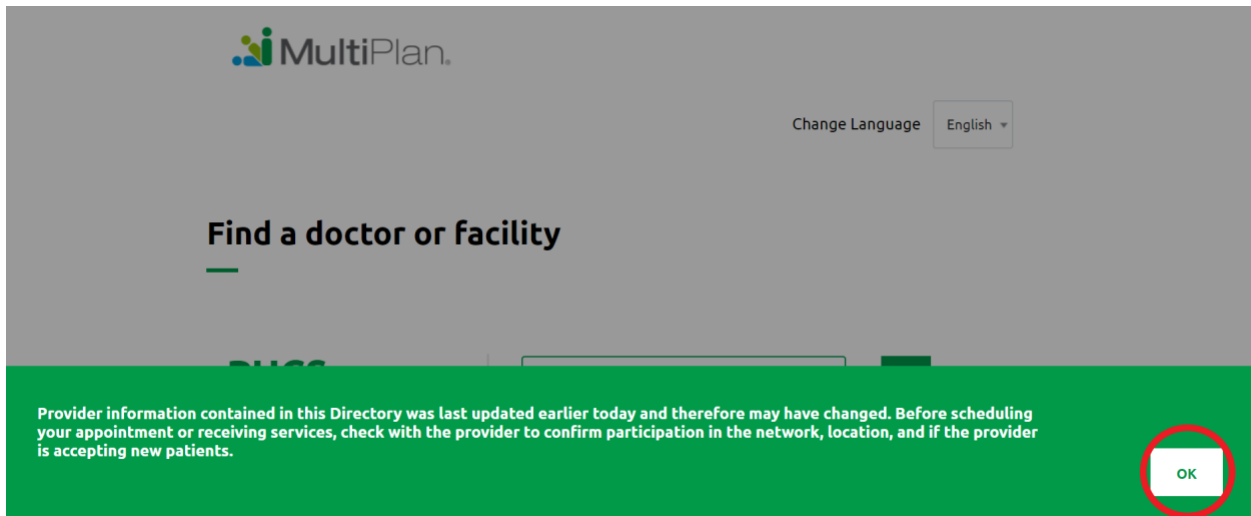

Type your desired provider name or specialty then click the magnifying glass to start your search

The image shows the MultiPlan search interface. At the top left is the MultiPlan logo. To the right is a 'Change Language' dropdown menu set to 'English'. Below this is the heading 'Find a doctor or facility'. On the left side, there is a green button labeled 'PHCS' and another green button labeled 'Change Network'. Below the 'Change Network' button is a checkbox labeled 'Remember my network'. In the center, there is a search input field containing the text 'Primary Care', which is circled in red. To the right of the input field is a green magnifying glass icon, also circled in red. Further right is the text 'near 20005'.

After your search completes, click OK in the green disclaimer box

The image shows the MultiPlan search results page. At the top left is the MultiPlan logo. To the right is a 'Change Language' dropdown menu set to 'English'. Below this is the heading 'Find a doctor or facility'. The search results area is mostly obscured by a large green disclaimer box at the bottom. The disclaimer text reads: 'Provider information contained in this Directory was last updated earlier today and therefore may have changed. Before scheduling your appointment or receiving services, check with the provider to confirm participation in the network, location, and if the provider is accepting new patients.' In the bottom right corner of the green box, there is a white button with the text 'OK', which is circled in red.

You will now be able to see how many providers accept the Compass Plan within the radius that you have outlined. The standard sort is by distance from center of location but you can sort by distance, name or specialty. You can also filter by a handful of other criteria including specialty, hospital affiliation, language spoken, education etc...
