

**NEW STATE BY STATE BREAKDOWN:
COVID-19 TESTING FOR NURSING HOMES AND ASSISTED LIVING COMMUNITIES**

Testing every U.S. nursing home and assisted living community resident and staff once would cost \$672 million

Regular testing of long term care facilities is unsustainable without federal/state funding

State	NURSING HOMES			ASSISTED LIVING COMMUNITIES (AL)			COMBINED: NURSING HOMES & AL

¹ Census Data

² Bureau of Labor Statistics (BLS) Employment - Nursing Facilities (May 2019)

³ List of licensed assisted living providers in 2017 assembled by Brown University as part of a research award from the National Institute on Aging (K. Thomas)

⁴ Total residents calculated by taking total AL capacity and assumes an 85.3% occupancy, which was reported for the first quarter of 2020 by the [National Investment Center for Seniors Housing & Care](#).

⁵ 2019 Third Quarter U.S. Bureau of Labor Statistics Quarterly Census of Employment and Wages, NAICS 623312

⁶ Total tests needed is the sum of total residents and staff.

⁷ Total costs assume \$150 per test multiplied the number of tests needed.

ABOUT AHCA/NCAL

The American Health Care Association and National Center for Assisted Living (AHCA/NCAL) represents more than 14,000 non-profit and proprietary skilled nursing centers, assisted living communities, sub-acute centers and homes for individuals with intellectual and development disabilities. By delivering solutions for quality care, AHCA/NCAL aims to improve the lives of the millions of frail, elderly and individuals with disabilities who receive long term or post-acute care in our member facilities each day. For more information, please visit www.ahcancal.org or www.ncal.org.
