The Journey to Gold

Christian Health Care Center's (CHCC) journey to the Gold Award enlightened all leaders and the entire workforce to strive towards a life-long learning, thought- leadership approach to identify and implement potential improvement processes with measurable outcomes. We are now empowered with the knowledge that performance excellence and quality are not passive achievements, rather an ongoing and proactive journey that enables all of us to raise the bar and set higher standards of excellence for ourselves, not for an award, but for the betterment of our residents, patients, and families we serve.

Highlights

- ❖ CHCC received the Bronze Quality Award in 2015, the Silver Quality Award in 2017, and now has achieved Gold for both skilled nursing/post-acute care and assisted living.
- ❖ CHCC is the first and only recipient in the State of New Jersey to be recognized with the Gold Quality distinction for skilled nursing since the award's inception two decades ago.
- ❖ CHCC's commitment to its workforce and employee satisfaction has resulted in 13.3% turnover, significantly below national industry standards.
- ❖ CHCC's assisted living achieved Advanced Standing status for the eighth consecutive year. Advanced Standing status is granted and governed through a collaboration by the Health Care Association of New Jersey Foundation and the New Jersey Department of Health.
- ❖ CHCC's successfully reduced its rehospitalization rate from 14.1% to a remarkably low 4.6%.
