<sup>1</sup> The Medicaid rate does not include the supplemental payments made to 45 non-state government owned facilities. These facilities represent only 14 percent of the facilities in cost report database. Including that revenue in the Medicaid weighted average rate calculation materially distorts the shortfall being incurred by the other facilities in the state.

<sup>2</sup> The Medicaid rate does not include the supplemental payments made to 35 non-state government owned facilities. These facilities represent only 11 percent of the facilities in the cost report database. Including that revenue in the Medicaid weighted average rate calculation materially distorts the shortfall being incurred by the other facilities in the state.

<sup>3</sup> The Medicaid rate does not include the supplemental payments made to 5 non-state government owned facilities. These facilities represent only 2 percent of the facilities in the cost report database. Including that revenue in the Medicaid weighted average rate calculation materially distorts the shortfall being incurred by the other facilities in the state.
