To find a provider for the Compass Plan, first go to www.multiplan.com and click on Find A Provider on the top right of the page.

Next click OK in the green box
Click Select Network on the left side of the screen. You are going to choose PHCS -> Limited Benefit Plan.

Click Enter Zip to choose your desired location. The standard search is a 20 mile radius.
Type your desired provider name or specialty then click the magnifying glass to start your search

After your search completes, click OK in the green disclaimer box
You will now be able to see how many providers accept the Compass Plan within the radius that you have outlined. The standard sort is by distance from center of location but you can sort by distance, name or specialty. You can also filter by a handful of other criteria including specialty, hospital affiliation, language spoken, education etc...
