

## Kentucky

Kentucky uses the provider assessment program to stabilize Medicaid rates to nursing centers and more adequately fund quality, long term care services for seniors and individuals with disabilities. A budget proposal from Congress to reduce the effective cap on provider assessments to 3.5% would limit Kentucky's ability to finance an already underfunded Medicaid program.

### ASK CONGRESS...

To oppose any legislative proposal that would reduce the Medicaid provider assessment rate or quality assessment fee.

#### ► *Provider Assessments*

Current Rate:

**3.70%**

Impact of Reduction to 3.5%:

**\$91 million over 10 Years**

#### ► *Medicaid in Kentucky*

**66.4%** of residents rely on Medicaid for daily nursing center care.
