Accessing the LEIE

1. Access the OIG web site at https://oig.hhs.gov and click on “Exclusions.”

2. Click on “Online Searchable Database.”
3. You may conduct a single individual/entity search or may search for multiple individuals/entities. Enter the last name, first name and click on “Search.” You may enter up to five (5) individuals or entities.
4. If no match is found during the initial search, the following message will be displayed: "No results were found for ‘x’”. If a match is found, skip to step 6.

5. New Search
6. If a match is found, additional information regarding the exclusion will be displayed. To verify a match, click on “Verify” to enter the Social Security Number (SSN).

7. If no match is found, you will see the message “NO MATCH”. If there is a match, you will see the message “MATCH”. If you do not have a SSN, you must rely on other parameters such as date of birth (DOB), Specialty or Location (even though that may not be totally reliable).
