The Journey to Gold

The National Gold award experience has been a multifaceted benefit for the team at South Davis Specialty Care. The award-winning center's focus on exceptional quality has led to better patient outcomes and the development of best practices that have become the norm.

South Davis Specialty Care, also known as South Davis Community Care Center under a separate license, are recipients of the 2009 and 2019 Bronze awards, 2012 and 2020 Silver awards, and 2014 and 2022 Gold awards.

AHCA/NCAL National Gold award winning facilities have better [quality metrics](#), surveys, and staffing satisfaction than the rest of the nation. Learn more about the Baldrige-based [AHCA/NCAL National Quality Award Program](#) at ahcancal.org/QualityAward.

Highlights

- **Taking Care of Staff:** South Davis Specialty Care supported their staff and local community during the Covid-19 pandemic by providing catered meals from local restaurants to employees at no cost. Staff continue to receive complimentary meals and snacks every day.
- **Staff Training:** The innovative training department includes four full-time employees and ensures that new team members receive over 100 hours of initial training. South Davis Specialty Care also serves as a training site to support CNA, nursing, and respiratory therapy students.
- **Resident Satisfaction:** 97% of surveyed patients and families would recommend South Davis Specialty Care to others. Innovative benefits include an RV park and shower rooms for families, a plexiglass visitation area, and designated breastfeeding room and supplies.
- **Ventilator Care:** South Davis Specialty Care has achieved best possible performance in preventing ventilator-associated infections, including ventilator-associated pneumonia (VAP).
